Dear Mr. Urban,

Dick Barlow
(Vice Chair)
745-2784
barlow@pobox.alaska.net

The Butte Community Council has voted to dedicate existing grant monies available to us under MSB Ordinance #93-149, toward the development of an interpretive/ski trail system on our property that would serve both the students of Butte Elementary School and the general public. -We intend to apply the grant money towards the construction of trails, and the fabrication & installation of related signage, lighting, and barriers to control vehicular access. Planning for the project has already started and construction will be completed by next June.

Jim Courtney
(Secretary/Treasurer)
746-2578
